

## Promoting responsible dog ownership

### Victoria Liverpool all breeds training club established for over 30 years

A friendly club using reward based training methods to allow each dog to fulfil their potential. From basic puppy training to the KC good citizen awards scheme. This club enables all dogs and their owners to meet in a controlled situation.

Our trainers have years of experience and with their help dogs young and old (and their owners) can share in this knowledge

Everybody welcome from puppies to veterans - we can teach old dogs new tricks

6 week puppy / introduction to training classes.

These classes allow your pup to mix with others and learn the basics of good manners and their owners a chance to share their experiences and get advice on common puppy questions (yes - they all chew everything in sight when they are young- but most grow out of it)

### Contacting Us
